

**KEY PRIORITIES FOR 2025/2026**

**1**

To begin the development of high quality, whole school, outdoor play provision that supports exciting, creative and imaginative play, whilst also supporting children's physical, social and emotional development.

**2**

Continue to review and improve strategies in the teaching and learning of maths, including further development in the smaller steps of progression within planning.

**3**

Continue to develop the high quality of teaching and learning through evidence based approaches.
